

FULLBAY + INTERSTATE BILLING SERVICE INTEGRATION

Fullbay and Interstate Billing Service (IBS) have partnered to make getting paid for your accounts receivable faster than ever. Our new integration also lets you send invoices to IBS with the click of a button.

The IBS integration provides your shop with:

- ✓ Ability to send invoices to IBS right inside Fullbay.
- ✓ Ability to instantly check whether the customer has credit with IBS before starting a repair.

What is the impact on your shop?

- ✓ Get invoices over to IBS faster.
- ✓ Know whether the customer can pay for the repair.

How does the integration work?

- ✓ Choose which invoices to send over, then click send.
- ✓ On an estimate, click a button to check whether a customer has credit with IBS.

Ease of implementation:

1. Get a code from IBS and drop it into Fullbay.
2. Enter the IBS number for each of your customers.
