

# PHONE CALL NOTIFICATIONS

Phone calls can wake you up at night. And if you're on call after-hours, that's the point. Introducing, Phone Call Notifications. Fullbay can now call to alert you about emergency breakdown requests.

## Phone Call Notifications will alert you:

- ✓ When FleetNet sends you a service or dispatch request
- ✓ When a customer submits an emergency service request from their portal

## What is the impact to your shop?

- ✓ Goes hand-in-hand with the FleetNet integration
- ✓ Get notified when a time sensitive FleetNet service request arrives in Fullbay
- ✓ Give your customers an electronic option for submitting after-hours service requests

## How does the integration work?

- ✓ Choose a phone number and extension to receive calls. This is usually your after-hours number
- ✓ Choose which events should trigger a phone call
- ✓ Sleep fitfully because you might get a call

## Ease of implementation:

1. Turn on Fullbay Connect
2. Add a phone number and extension
3. Sleep fitfully because you might get a call

**Investment**  
**\$0.10 PER CALL**
